EASTERN SEA LAEM CHABANG TERMINAL

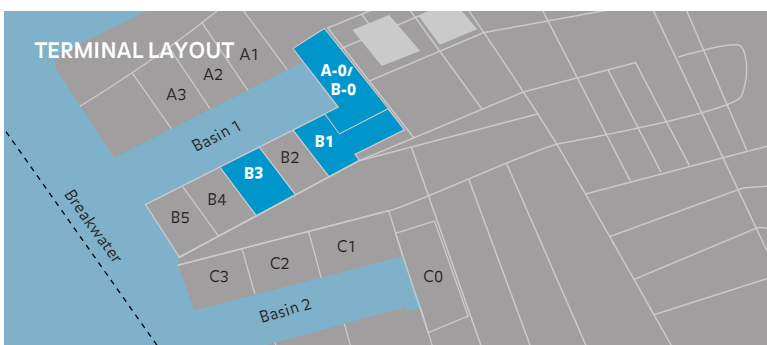

Laem Chabang Port was developed in the early 1990s to facilitate Thailand's long-term economic and trade growth. Located at Chonburi province in the upper Gulf of Thailand, 130 kilometres Southeast of Bangkok, Laem Chabang Port is now the key point of entry for Thailand's container traffic.

In April 2003, PSA invested in Eastern Sea Laem Chabang Terminal Co Ltd (ESCO) which operates Container Terminal B-3 at Laem Chabang Port. ESCO also has major stakes in Container Terminal A-0/B-0 and Container Terminal B-1. Together, these three terminals have a combined capacity of over 2.2 million TEUs. ■
